**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 25 is rejected under 35 U.S.C. 102(b) as being anticipated by Huss et al. (US Patent 6,520,696).

Regarding claim 25, Huss et al. teaches a body (10) having a base (25), a top (11), and sides (24 and side opposite of side 24) extending from the base to the top, the body housing a roll of print receiving medium (13, 23) having an axis of rotation extending in a first direction (Figure 2), the body having a guide member (21,22) on each of two opposing sides extending along said sides in a second direction perpendicular to the first direction (Figure 1) for guiding the tape cassette into a tape printer (Abstract) in the second direction and locating the tape cassette in the tape printer (Column 1, Lines 7-13), wherein each guide member extends outwardly from its respective side (Figures 1 and 3) and comprises a first elongate member disposed in a plane perpendicular to the opposing sides and a second elongate member disposed in a plane parallel to the opposing sides (refer to figure in the detailed action on page 3).

### ***Response to Arguments***

2. Applicant's arguments with respect to claim 25 have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
